THE BEGINNING

Seafood Empire, Frontier of the Industry

YENS was founded in Penghu Island in 1968, wholesaled fresh seafood across Taiwan from our base in Tainan. In 1980, YENS grew rapidly after initiating frozen tiger prawn export. In 1987, YENS pivoted its core business to frozen seafood importation for the domestic market. In the recent decade, YENS engaged in Prepared Seafood production and grew significantly into the export market. Our **core values** have led YENS throughout our journey: **integrity, hearken, challenge, innovation, and synergy**. We look forward to persist our excellence, and to lead the industry in trustworthiness and value-creation. When the consumers enjoy our foodstuff and relish their meals, it is a reflection of YENS' vision: **To bring happiness to the world, through food distribution.**
